WORK EXPERIENCE

Finance and Accounts June 2026 – Sept 2026

Sosiani Flowers

Eldoret, Kenya

- Use QuickBooks to record and maintain accurate financial transactions, customer invoices, and sales records.
- Compare sales records from the Flower Meister International system with QuickBooks and supporting documentation to identify discrepancies and ensure data accuracy.
- Prepare and issue customer invoices and verify billing information against sales records and supporting documents.
- Assist in reconciling sales records with invoices and supporting documentation to ensure completeness and accuracy of financial information.
- Liaise with the Finance, Logistics, and Export departments to facilitate smooth processing of customer orders and export shipments.

- Follow up with clearing agents to obtain export entries required for export permit applications, and prepare and submit applications using relevant export documentation.
- Coordinate with internal departments and external stakeholders to support smooth export operations.

Public Service Internship Program March 2025 – March 2026

Finance Intern

Uwezo Fund Oversight Board
Nairobi, Kenya

- Analyzed loan disbursement and repayment data to assess portfolio performance and identify default risk trends
- Supported credit monitoring by tracking borrower behavior, repayment patterns, and compliance with funding guidelines
- Prepared financial reports and summaries to support decision-making on fund allocation and risk management
- Conducted data cleaning and analysis using Excel to improve the accuracy and reliability of financial records
- Assisted in evaluating financial performance across constituencies, highlighting inefficiencies and improvement opportunities
- Collaborated with cross-functional teams to ensure proper documentation, reporting, and accountability of funds.
